Subject: Follow Up

Michael,

As discussed yesterday, I am writing to request an initial batch of items from your clients. For all victims, DOJ and FBI request the following:

1. Any released files that are believed to be fake or modified and, if applicable, the original, unmodified file; and
2. 24-36 released files that were not circulated outside each of victim organizations (e.g., the donor list that was mentioned during our meeting) and a preliminary indication as to whether any of these may have been modified.

For DCCC only, we request access to data and/or employees that could speak to the two screenshots at the bottom of this e-mail as having been created from an amalgamation of files or directories on the DCCC network. We believe that DCCC and/or Crowdstrike may have looked into these screenshots between on or about September 2 and 6,

2016.

Finally, as Sarah mentioned during the meeting, some media reporting referred to an ongoing DNC effort to review documents to see if any had been "forged." To close the loop on that, we pulled up the following from a USA Today article regarding the September 13, 2016 information release: "In response to that most recent leak, DNC interim chair Donna Brazile stated that their 'legal team is now in the process of reviewing these private documents, and attempting to confirm their authenticity, as it is common for Russian hackers to forge documents.'"

We'll provide the more comprehensive wish list by the end of the week.

Thank you.
